

ServiceNow Standard Laptop Procurement Automation

Module 7 of 8 — Place the Standard Laptop Order & Verify Approval

Place the Standard Laptop Order & Verify Approval

Step 1	Click All and search for Service Catalog.
Step 2	Open Service Catalog and select Hardware.
Step 3	Find Standard Laptop and open it.
Step 4	Click Order Now to place the request.
Step 5	Open the Order Status view.
Step 6	Click the Request Number.
Step 7	The Requested record opens.
Step 8	Scroll to the Approvers section.
Step 9	Open the approval record and select Approve, using the appropriate available approval control.
Step 10	Open the Requested Item section.
Expected Result	The Standard Laptop request is approved and the associated Requested Item is available for checking.
